GRITTY LEADERSHIP

Gritty Leadership is a discipleship tool that will help your students develop the grittiness they need to persevere as a leader for Jesus. Over the course of these four lessons, students will uncover what it takes to persevere and run hard after Jesus when the going gets tough. Plus, these lessons can be adapted for both a small or a large group context!

Each ***Gritty Leadership* Lesson** uses Bible study, discussion questions, modern day examples, experiential activities, and specific life application questions to help students become more steadfast in their faith.

What's Unique about *Gritty Leadership* is that each lesson can be used in a large group or small group setting by following the track laid out in the beginning of the lesson.

What's Included?

- Four lessons (PDF and Word format)
