

WELCOME TO **whole** hearted

Wholehearted is a discipleship tool that will help your students learn how to go all-in as they walk with Jesus. Over the course of these lessons, students will cover four aspects of what it means to be a disciple of Jesus and to follow him with all their heart. Plus, these lessons can be adapted for both a small or a large group context!

Each *Wholehearted* Lesson uses Bible study, discussion questions, modern day examples, experiential activities, and specific life application questions to help students become more steadfast in their faith.

What's Unique about *Wholehearted* is that each lesson can be used in a large group or small group setting by following the track laid out in the beginning of the lesson.
