

DEVELOPING A DISCIPLESHIP CULTURE

Come to Refuel Retreat to change your perspective and drive growth.

You desire to see your youth ministry grow but nothing is changing. The events and experiences that used to inspire students to spiritual growth just don't work anymore.

For three (3) days we are going to focus on how authentic discipleship can change everything in your ministry. Big events and programming are no longer working but students still crave real relationship with people who love God.

We are going to discuss:

1. Building meaningful relations with students
2. Creating a discipleship culture in your youth ministry.
3. How to create an individual spiritual development plan for each student.

We will train practically on:

1. A process to disciple students
2. How to train your volunteers on how to disciple students
3. Building a strategic plan to refocus youth ministry on discipleship

The results will be:

1. You will have a plan to build deeper relationships with every student in your ministry.
2. You will know a discipleship process you can train your volunteers on.
3. You will have a system for measuring spiritual growth in each of your students lives.

Discipleship is effective and powerful—put it to work in growing your student ministry.

Come be with a small group of youth workers who want to work together to improve their youth ministries.

SIGN UP

We are excited to welcome you to Refuel Retreat in Wheaton, IL!

At this Refuel Retreat we will be talking about *Developing a Discipleship Culture* in your youth ministry. For three days we are going to focus on how authentic discipleship can change everything in your ministry. Big events and programming are no longer working but students still crave real relationship with people who love God.

WHAT TO EXPECT AT REFUEL

You can expect to meet people like you. You'll meet fellow youth workers who want to grow in leadership, learn from each other and build relationships with people who are serving students.

Refuel Retreats are facilitated by Doug Franklin the president of LeaderTreks. Doug has over 35 years of youth ministry experience, working with students and youth leaders. More importantly, Doug is friendly with an easy-going style. He'll facilitate the experience and help you get the most out of your time. At times he'll ask challenging personal questions, pushing you to go deeper, while other times he will have you share your best practices with the whole group.

Doug's role is to facilitate your time at Refuel, using both discussion and innovative LeaderTreks resources to get you thinking. The whole retreat is designed to create a collaborative environment where you can grow, build relationships, relax and have fun.

SPIRITUAL RENEWAL

On both mornings of the retreat, you will spend time with a life map. Life mapping is a tool helping you know where you want to go spiritually and in ministry over the next year. The heart of Refuel is allowing you time with God to refuel your spiritual life.

EXPECTED OUTCOMES

We want you to walk out with a plan to grow. After each session we will give you time and an innovative tool to help you create a plan to bring change and growth to your youth ministry. Your time at Refuel will be more than sharing creative ideas; it will help you make real change in yourself and in your ministry.

SCHEDULE

We officially kick off the first day at 2 PM with snacks and discussion, it's a great time to connect with others. We'll talk about our ministries, what's working for them, what's not, and to talk through your goals for your time at Refuel. We also dive right into our first main session of the retreat.

In the evening we will head over to the Franklins' house (weather permitting) for a catered dinner and some fun.

On both Day 2 and Day 3 in the morning we have set aside time for everyone to engage with God on a very personal level. We want this time to be spiritually refueling, but also growth inspiring. During this time we give everyone a personal Life Map, specifically designed to help you chart out the next year of your life and your ministry.

Our main sessions on both Day 2 and Day 3 focus on real ministry challenges, ranging from how to effectively lead yourself, to training for volunteers, to developing a strategic plan that will impact your ministry. We value the experience and wisdom that everyone brings to the table, making our session times extremely rich.

Our sessions wrap up by noon each day, so you'll have plenty of time to relax, connect with others, and connect with God. Whether you love hitting 18 holes on the golf course, hiking through the mountains, or simply reading a good book, we've set aside time so you can truly relax.
